

Junior Service Technician (m/f/d)

SYNENTEC GmbH

Elmshorn, Schleswig-Holstein, Germany

SYNENTEC GmbH is an established company with currently 25 colleagues. Since 2005, we have been developing, manufacturing, and distributing automated microscopes and accessories for the life sciences sector here in Elmshorn. Our devices are used worldwide in the biotechnology and pharmaceutical industries, as well as in academic and industrial research. SYNENTEC INC, based in Ramsey, NJ, is our sales partner for the USA.

We are looking for you to join us full-time as soon as possible to support us with the following tasks:

- Production of our devices (assembly of modules, final assembly, functional testing, quality control, writing procedural instructions) at our headquarters in Elmshorn
- Field service (worldwide)
- Support and customer care

Your Profile:

- Bachelor studies (even without degree) in relevant fields such as biotechnology, mechanical engineering, medical technology, biology, or biochemistry with an interest in technology
- Completed vocational training as a mechatronics technician or industrial mechanic (m/f/d), or comparable training with an interest in biological topics
- Willingness to travel (regularly and internationally)
- Good command of English
- PC skills (hardware/software)
- Valid driver's license (Class B)

We Offer:

- Comprehensive onboarding in a versatile technology
- Working hours adapted to your needs where possible
- We regularly cook and eat lunch together and value a friendly atmosphere
- Interesting and interdisciplinary field of activity
- Long-term oriented workplace
- A 13th salary as part of your compensation
- 30 days of vacation & vacation pay for everyone
- The opportunity to work independently and take on responsibility

If you are also a team player, reliable, and eager to learn, we look forward to your application and your motivation. Please send your cover letter, CV, etc. to the attention of Stefan Perplies (s.perplies@synentec.com).

We look forward to hearing from you!

SYNENTEC GmbH, Otto-Hahn-Straße 9a, 25337 Elmshorn, Germany
